

Authentication

Signup (<https://benchmarking-dev.volulink.de/signup>)

When a user selects a facility while signing up, the user will be considered a **Facility Manager**.

The screenshot shows the 'Create Account' page for VoluLink. On the left, there is a logo for 'VoluLink Benchmarking Tool' with the tagline 'Powerful insights and analytics for your business performance'. The main form area is titled 'Create Account' with a subtitle 'Sign up to get started with VoluLink'. The form includes fields for 'First name' (John), 'Last name' (Doe), 'Email address' (you@example.com), and a role selection button 'I am a Federation Manager'. Below this is a 'Facility' dropdown menu currently set to 'Dhaka Club'. There are also 'Password' and 'Confirm password' fields, both masked with dots. At the bottom of the form is an orange 'Create Account' button and a link 'Already have an account? Sign in'.

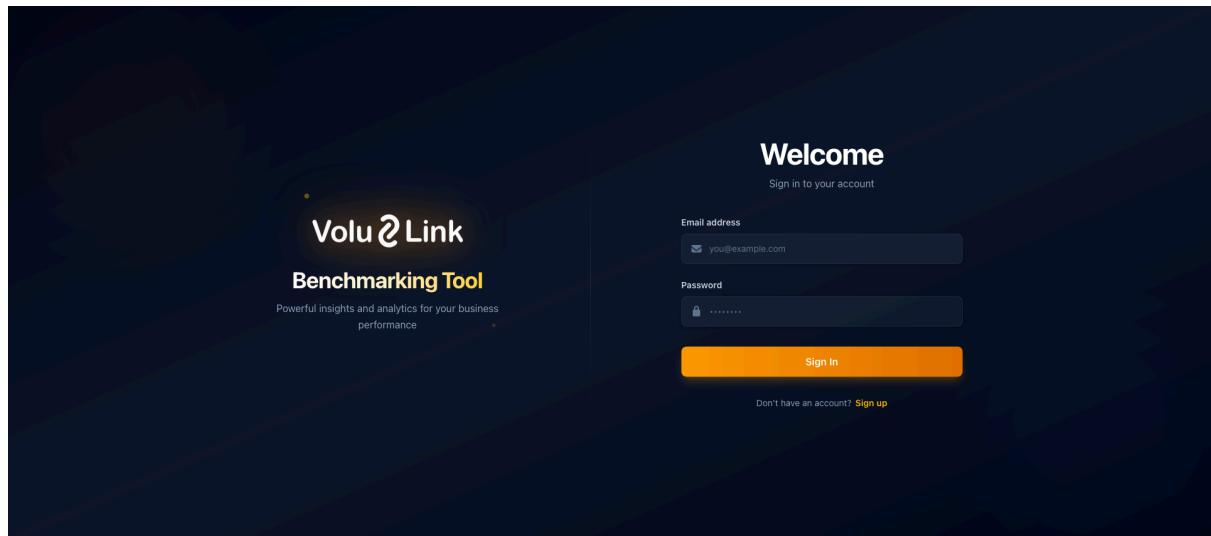

When a user selects a **I am a Federation Manager** & select a federation while signing up, the user will be considered a **Federation Manager**.

This screenshot shows the 'Create Account' page with the 'I am a Federation Manager' button selected, which is now highlighted in purple. Below the role selection, a new section titled 'FEDERATION MANAGER' appears, containing a 'Federation' dropdown menu set to 'BD Tourism'. The rest of the form, including the 'Password' and 'Confirm password' fields, the 'Create Account' button, and the 'Sign in' link, remains the same as in the previous screenshot.

Login (<https://benchmarking-dev.volulink.de/login>)

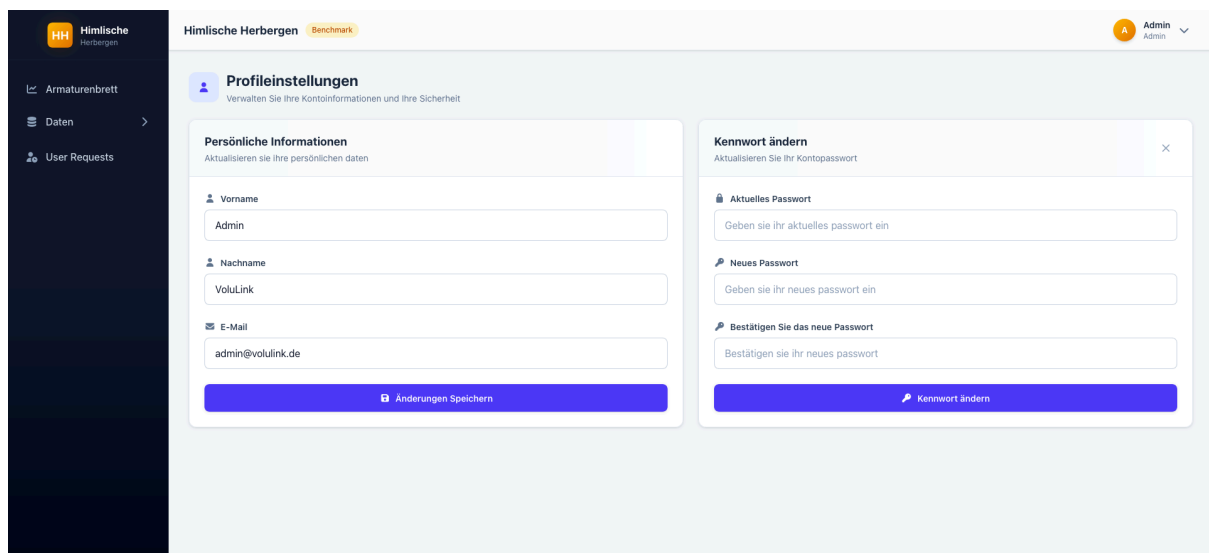

Enter email address & password to login to the dashboard based on the role. Each role has separate dashboard & functionalities. Available roles are:

1. Admin
2. Federation Manager
3. Facility Manager

Profile (<https://benchmarking-dev.volulink.de/profile>)

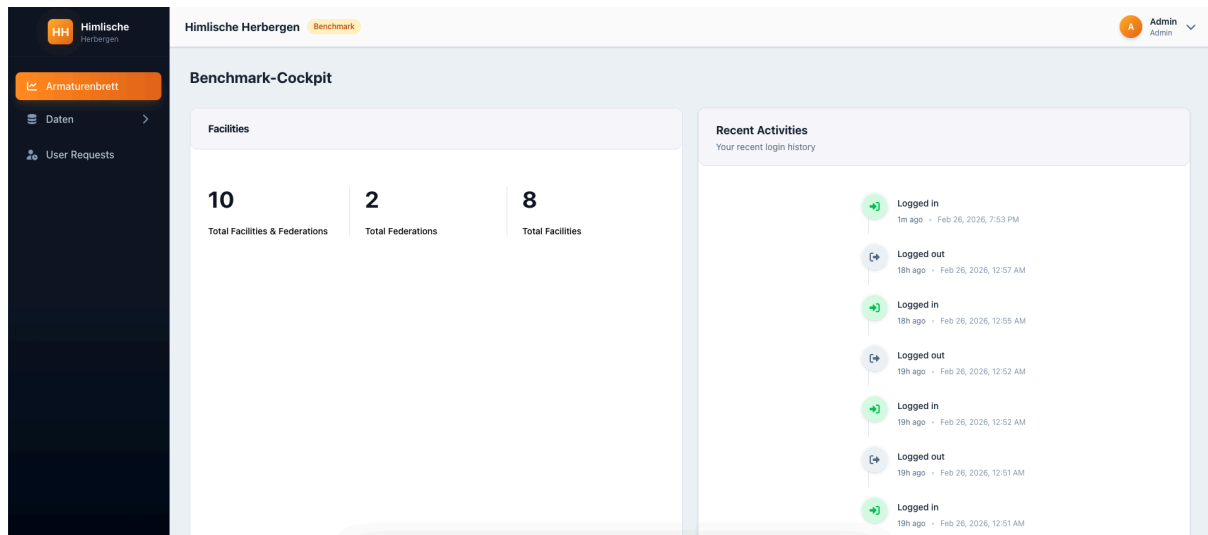

Update profile & change password.

Admin

Dashboard (<https://benchmarking-dev.volulink.de/>)

After logging in, the landing page is the dashboard page.

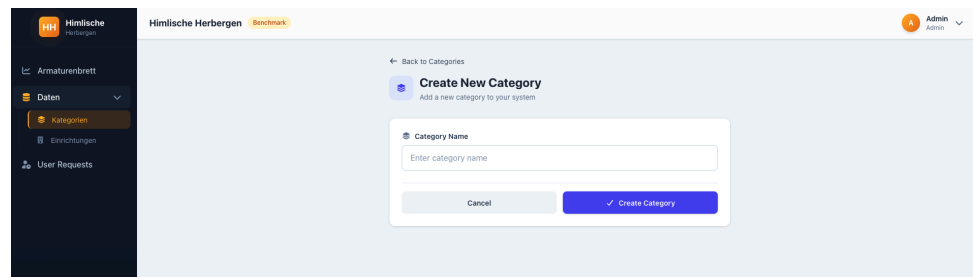

Categories

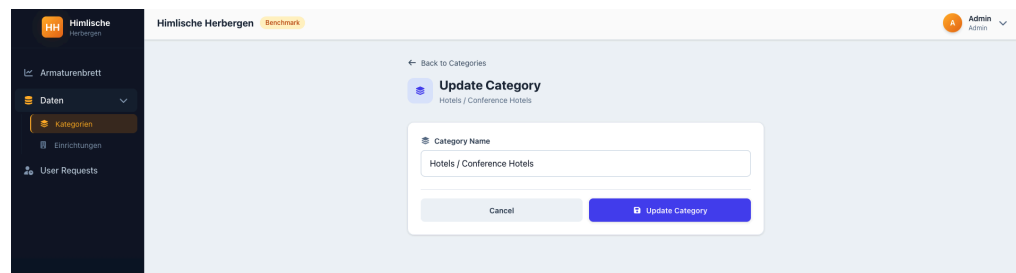

The screenshot shows the 'Himlische Herbergen' Categories management page. The left sidebar contains navigation links: 'Armaturenbrett', 'Daten', 'Kategorien', 'Einrichtungen', and 'User Requests'. The main content area is titled 'Categories' and includes a '+ Create Category' button. Below the title, there is a table listing categories with their names and actions (Edit and Delete).

CATEGORY NAME	ACTIONS
test	Edit Delete
Hotels / Conference Hotels	Edit Delete
Conference Centers / Family Vacation Facilities	Edit Delete
Youth-Hostels / Youth Guest Houses	Edit Delete
Self-Catering Houses / Vacation Rentals	Edit Delete

- Create
 - <https://benchmarking-dev.volulink.de/categories/create>. Enter a category name to proceed.

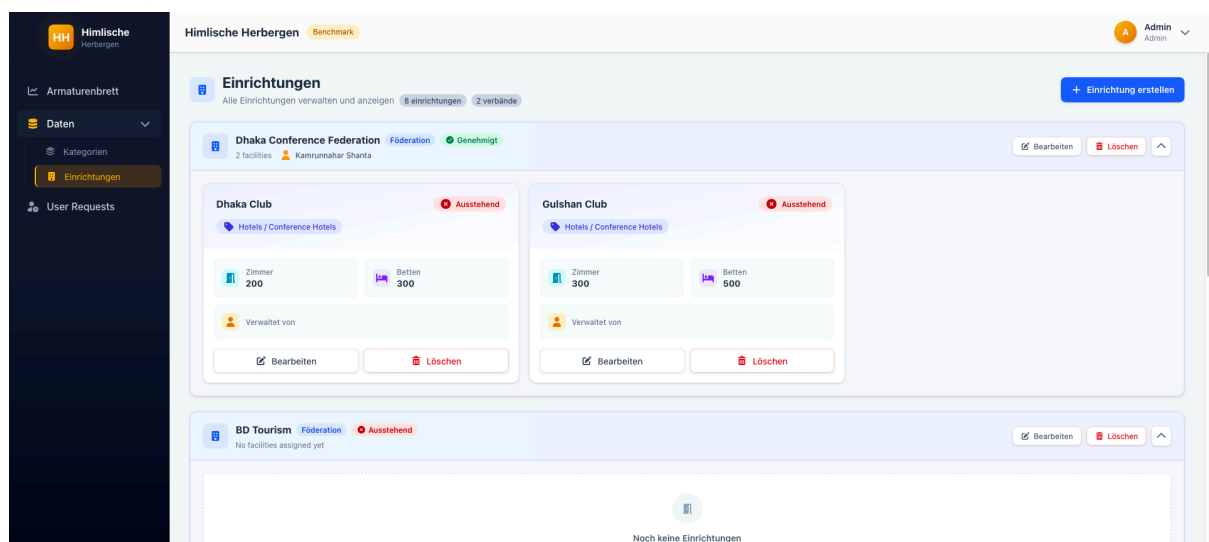

- Update
 - <https://benchmarking-dev.volulink.de/categories/1/update>. Update a category to a new name.

- Delete: Click the **Delete** button to delete a category.

Facilities / Federations (<https://benchmarking-dev.volulink.de/facilities>)

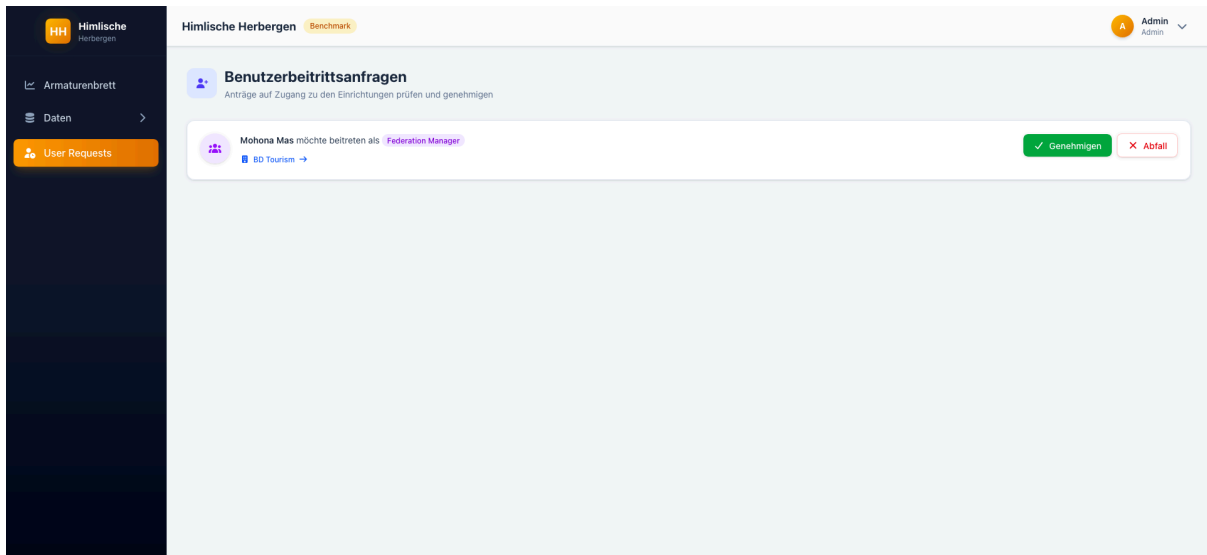

- Create
 - <https://benchmarking-dev.volulink.de/facilities/create>. Fill up the necessary fields to create a facility. Toggle the **Federation** button to turn the facility into a federation.

- Update
 - <https://benchmarking-dev.volulink.de/facilities/9/update>. Change the information if needed. Please note that the facility cannot be changed to a federation once created and vice versa.

- Delete: Click the **Delete** button to delete a facility or a federation.

User joining requests

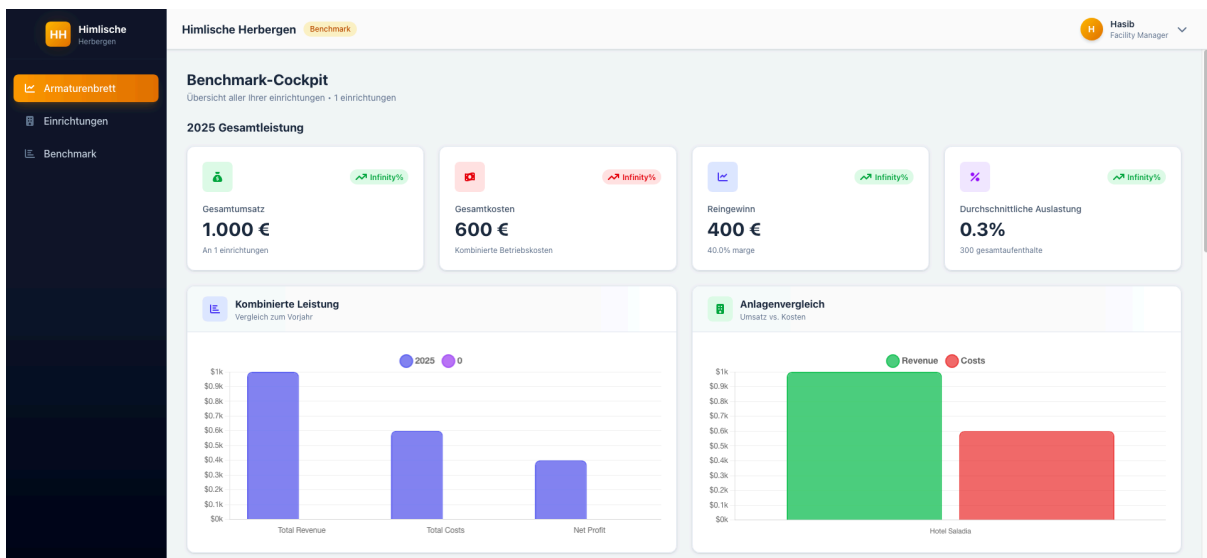

<https://benchmarking-dev.volulink.de/joining-requests>. Any user joining request will appear here. Click approve to approve the signup of the user as a Facility/Federation manager of the federation/facility.

Facility Manager

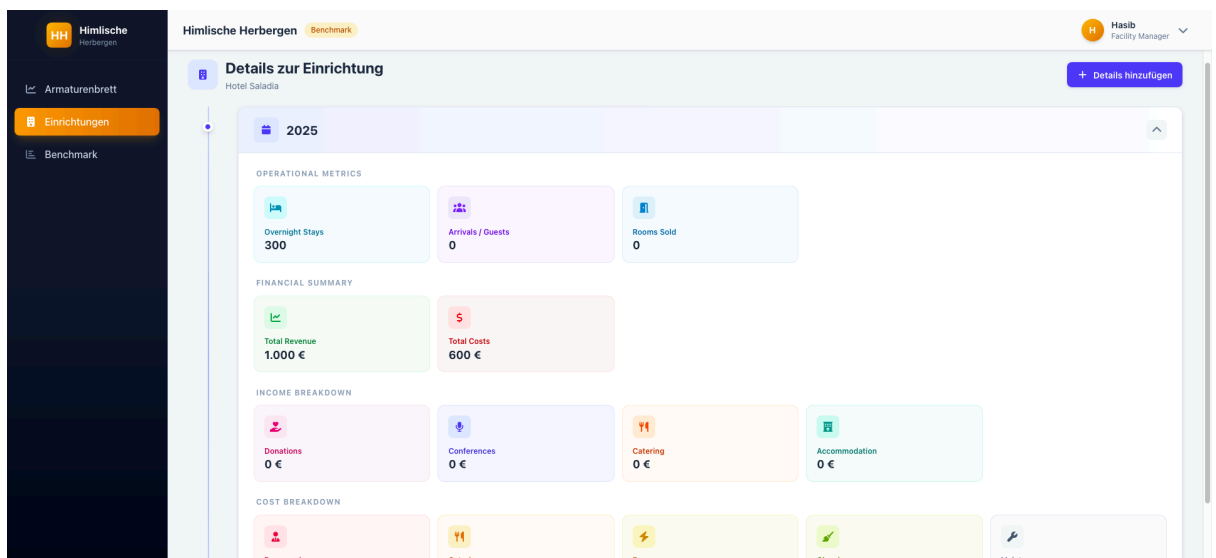

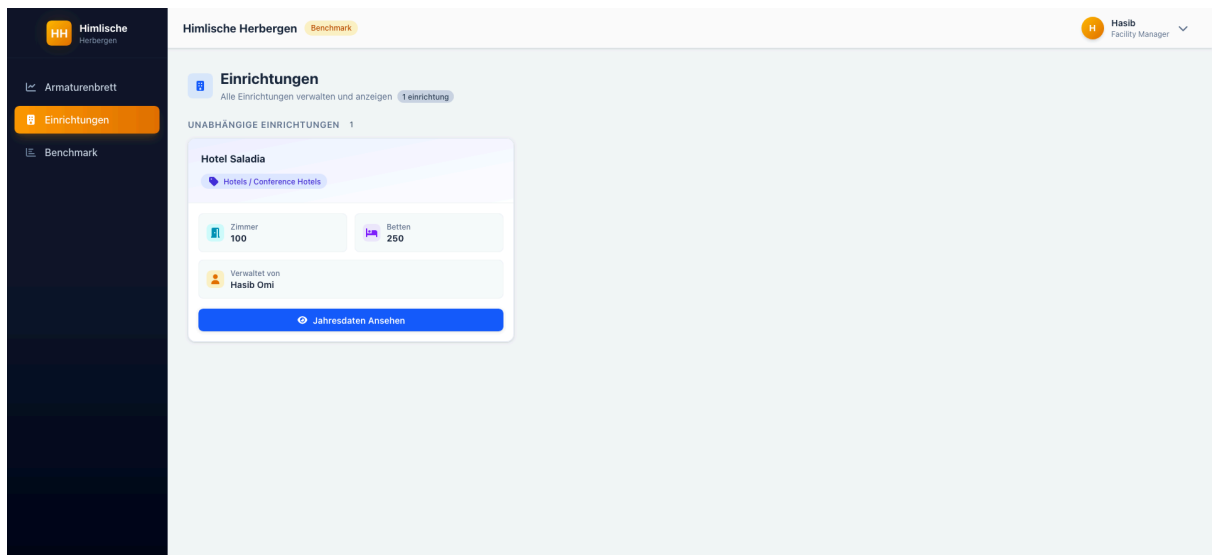

Dashboard

After logging into the dashboard as a **Facility Manager**, the dashboard is visible.

Facilities

- List (<https://benchmarking-dev.volulink.de/facilities>). Click view annual data to view annual data year by year. The facility manager will see the **Details hinzufügen** button.

- Add Detail (<https://benchmarking-dev.volulink.de/facilities/6/detail/create>). Fill up the necessary fields to create an annual data.
